

HERMOSA BEACH FRIENDS OF THE LIBRARY

Dear Friend:

Tuesday, December 17, at 7:30 p. m. , is our annual Christmas party. We will present "Christmas Sing-Spiration" with Mary Kaseman, Grace Duncan and Robert La Rue, MA. After-dinner coffee, cookies and punch for the younger set will be served. Everyone remembers the marvelous Christmas music Mr. La Rue arranged for us last year. This year's program promises to be even better. We hope you will come and enjoy the music.

Hermosa Beach Friends of the Library's 10th Anniversary is 1969. Pay your dues early and urge others to join. Dorothy Olney is our membership Chairman, FR 22674, and dues are \$1.00, junior membership 25 cents the year. This should be a very good year.

Eight members of the Friends of the Library attended the Hermosa Beach Coordinating Council meeting. As a result of this meeting a Hot-Line 375-8014 is now available to anyone wishing information about drugs or for those using drugs who wish to stop. Remember this number. Someone may ask for it.

The presentation of "Rosencrantz and Guildenstern Are Dead" has been extended. We will leave the arrangement to attend this show for the new 1969 Board.

Mrs. Richard L. Pio, Record Chairman, has compiled a list of classical records to be bought from time to time by the Friends of the Library. The El Camino College Music Department was wonderfully helpful. We now need some suggestions for modern music. We do have a large record library. It's just because the records are so much in demand that supply is short. If there is a particular record you want, request the Librarian to reserve it for you. Don't just give up.

A by-law change under Article IV - Officers, has been made by the Board. A new paragraph will be added: An officer who is absent, unexplained, from two consecutive board meetings will be considered resigned. The president is authorized to appoint a replacement.

January Membership Meeting date will be indicated on the next newsletter with your ballot.

Happy and safe Holidays.

Lorraine Hales
President
